

Outline

HOW RECENT CHANGES IN STROKE TREATMENT ARE RESHAPING THERAPY

- Hot topics and innovations in stroke rehabilitation
- What stroke rehabilitation will look like in 1, 5, and 10 years

HANDS-ON LABS MASTER CLINICAL REASONING AND ASSESSMENT SKILLS FOR STROKE REHABILITATION

Practice today's best evaluations for:

- Gait, balance and coordination
- Strength, mobility and stability
- Upper extremity function
- Lower extremity function
- Executive function

HANDS-ON LABS EXPAND YOUR STROKE REHABILITATION TOOLBOX

Practice effective techniques you can use immediately to:

- Ignite neuroplasticity for breakthrough results
- Restore functional strength more quickly
- Enhance function and multi-tasking ability
- Reduce spasticity
- Restore limb use
- Resolve impairments from a more functional, person-centered perspective
- Improve bed mobility, transfers, and gait with less strain
- Design a more effective home program
- Intensify therapy safely and effectively
- Re-engage difficult or depressed patients

HANDS-ON LABS INTEGRATE MULTIPLE APPROACHES FOR BETTER OUTCOMES

Practice combining:

- Constraint-induced movement therapy
- Bimanual therapy
- Dual task interventions
- Balance and gait training
- Taping
- Functional activities
- Therapeutic exercise
- Neuroplasticity-building interventions

Target Audience

Physical Therapists • Physical Therapist Assistants • Occupational Therapists
Occupational Therapy Assistants • Rehab Directors • Rehab Managers
Nurses • Nurse Practitioners

Live Seminar and Webcast Schedule

Webcast to air at 8 am Central time.

Certificate in Stroke Rehabilitation

Best Practices for Rapid Functional Gains and Improved Outcomes

Working with stroke patients is deeply meaningful and incredibly rewarding. And you strive to help each client who’s counting on you to facilitate the improvements that can change their lives.

But some patients are so impaired that treatment becomes overwhelming. Others make exceptional gains in clinical settings, only to hit a wall in less controlled environments. As time passes without results, even the most promising patient can feel the sun setting on the person she used to be, growing disengaged and depressed -- convinced she can’t progress further with therapy.

If you’re not up to speed on the latest treatment strategies, she might be right.

Earn your Certificate in Stroke Rehabilitation and learn how to apply innovative techniques that completely redefine what’s possible for your patients! Built on today’s best practices, this program will show you how to develop and market a world-class stroke rehabilitation program with tools and strategies that have helped countless survivors leave their limitations behind, even 20 years post stroke.

Sign up today and leave this one-of-a-kind training knowing that when your next patient tells you how she hopes to return to work or stay active with her grandkids, you’ll be able to confidently guide her toward rapid functional improvements with the best methods available in neurological rehab!

Speaker

BENJAMIN WHITE, PT, DPT, C/NDT, LSVT BIG, is an expert in stroke rehabilitation who serves as the lead neurological therapist at a not-for-profit healthcare institution in Texas. A graduate of the University of Texas Health Science Center’s physical therapy doctoral program, he has treated a wide array of neurological diagnoses over the years, from concussions and vestibular disorders to stroke, Parkinson’s, and Guillain-Barré syndrome.

Dr. White is an award-winning clinical instructor, a renowned national speaker on stroke rehabilitation topics, and has published numerous articles on the topics of neuroplasticity and stroke. In addition, he serves on the Neuro-Development Treatment (NDT) publication committee and is the co-president of the Brazos Valley Parkinson’s Association.

Speaker Disclosures:
Financial: Benjamin White has an employment relationship with Baylor Scott & White. He receives a speaking honorarium from PESI, Inc.
Non-financial: Benjamin White is a member of the Neurodevelopmental Treatment Association.

Objectives

- Discuss the latest advances in stroke recovery and their implications for therapy.
- Review strategies for identifying the root causes of post-stroke impairments faster.
- Demonstrate how to enhance function with dual task interventions.
- Describe techniques for improving bed mobility, transfers, and gait with less strain.
- Demonstrate how to reduce spasticity and restore limb use with constraint-induced movement therapy.
- Design an effective home program.

- Discuss a more functional, person-centered approach to resolving impairments.

- Review parameters for safely intensifying rehab.

- Determine effectively strategies for helping difficult or depressed patients become more engaged in their recovery.

- Develop a stroke rehabilitation program that combines traditional and innovative treatment strategies.

- Evaluate progress measures used to justify therapy.

- Describe strategies for effectively marketing a stroke rehabilitation program.

Live Webcast Details and Live Webcast Continuing Education Credit Information

Join us on June 5-6, 2019, for this live, interactive webcast!
Invite your entire office and, like a live seminar, “attend” the webcast at its scheduled time. It’s easy and convenient! Webcasts provide everything you need for a premier educational experience including real-time video and audio of the speaker. See and hear the speaker, ask questions via email and have them answered during the webcast, and watch the slides all on your computer screen. Seminar materials are available for download. One CE Certificate is included. Certificates of Completion can be printed after completing and passing the on-line post-test evaluation. Additional certificates are available for \$79.99 USD per participant. Please see “live seminar schedule” for full attendance start and end times. NOTE: Boards do not allow credit for breaks or lunch. For CE information for the live webcast, please visit: www.pesirehab.com/webcast/71381

Live Seminar Continuing Education Credit Information

Credits listed below are for full attendance at the live event only. After attendance has been verified, pre-registered attendees will receive an email from PESI Customer Service with the subject line, “Evaluation and Certificate” within one week. This email will contain a link to complete the seminar evaluation and allow attendees to print, email or download a certificate of completion if in full attendance. For those in partial attendance (arrived late or left early), a letter of attendance is available through that link and an adjusted certificate of completion reflecting partial credit will be issued within 30 days (if your board allows). Please see “LIVE SEMINAR SCHEDULE” on this brochure for full attendance start and end times. NOTE: Boards do not allow credit for breaks or lunch.

If your profession is not listed, please contact your licensing board to determine your continuing education requirements and check for reciprocal approval. For other credit inquiries not specified below, or questions on home study credit availability, please contact cepesi@pesi.com or 800-844-8260 before the event.

Materials that are included in this course may include interventions and modalities that are beyond the authorized practice of mental health professionals. As a licensed professional, you are responsible for reviewing the scope of practice, including activities that are defined in law as beyond the boundaries of practice in accordance with and in compliance with your profession's standards.

PESI, Inc. offers continuing education programs and products under the brand names PESI, PESI Healthcare, PESI Rehab and Psychotherapy Networker.

NURSES/NURSE PRACTITIONERS/CLINICAL NURSE SPECIALISTS: This activity consists of 12.5 clock hours of continuing education instruction. Credit requirements and approvals vary per state board regulations. Please save the course outline, the certificate of completion you receive from this activity and contact your state board or organization to determine specific filing requirements.

OCCUPATIONAL THERAPISTS & OCCUPATIONAL THERAPY ASSISTANTS: PESI, Inc. is an AOTA Approved Provider of continuing education. Provider #: 3322. Full attendance at this course qualifies for 12.5 contact hours or 1.25 CEUs in the Category of Domain of OT and Occupational Therapy Process. Partial credit will be issued for partial attendance. The assignment of AOTA CEUs does not imply endorsement of specific course content, products, or clinical procedures by AOTA. Course Level: Intermediate.

PHYSICAL THERAPISTS & PHYSICAL THERAPIST ASSISTANTS: This activity consists of 12.5 clock hours of instruction that is applicable for physical therapists. CE requirements for physical therapists vary per state/jurisdiction. Please retain the certificate of completion that you receive and use as proof of completion when required.

TENNESSEE PHYSICAL THERAPISTS & PHYSICAL THERAPY ASSISTANTS: This course has been submitted to the Tennessee Physical Therapy Association for review. Credit is pending. Please contact our customer service department for the most current information.

OTHER PROFESSIONS: This activity qualifies for 760 minutes of instructional content as required by many national, state and local licensing boards and professional organizations. Save your course outline and certificate of completion, and contact your own board or organization for specific requirements.
