OUTLINE

Assessing Abdominal Pain

- The diagnostic tool chest
- Learn from memorable case studies
- How the PQRST system helps make the diagnosis:
- P: Positional, palliating, provocative factors
- Q: Quality
- R: Region, radiation, referral
- S: Severity
- T: Temporal factors
- · Looming emergency or just an ileus?

Assessing Elevated Liver Function

- Clinical importance of liver function
- · Non-Alcoholic Fatty Liver Disease: A new epidemic
- · Identify at-risk patients and the best treatments available
- Commonly-encountered gallbladder duct dilemmas
- The A, B, Cs of Hepatitis

Colon Cancer Prevention

- Best practices for colon cancer prevention
- Who needs a colonoscopy?
- Hemoccult, "FIT," and "Coloquard"
- · What you need to know about "interval" cancer
- · Young patients with colon cancer

Clostridium Difficile Challenges

- Understanding the importance of a "carrier state"
- Clostridium difficile prevention
- Antibiotic choices
- How to assess recurrences
- Potential risks of fecal transplants
- How Probiotics may help
- How many recurrences until we utilize fecal transplant?
- Avoiding complications

Evaluating and Treating GI Bleeding

- Assessing your patient
- Upper, lower or small bowel source
- Advanced techniques to localize the source of bleeding
- Non-surgical treatment of GI bleeding
- Our great challenge: The very elderly population and GI bleeding

Successful Management of Irritable Bowel Syndrome

- How we make a diagnosis in 2019
- Are we missing another diagnosis?
- Importance of "alarm symptoms"
- Partnering with your patient
- Understanding a FODMAP diet
- OTC medicines that help
- Latest treatments

GI BOOTCAMP

for the Healthcare Team

Featuring Clinical Gastroenterologist: Peter Buch, MD, AGAF, FACP

 Assessing abdominal pain: Is an emergency looming?

 The BEST strategies to identify the cause of elevated liver function tests

 Clostridium difficile: How many recurrences until we utilize fecal transplant?

What you need to know about "interval" colon cancer

Probiotic treatments 2019

· Identify the source of the GI bleed

 Irritable bowel syndrome: Importance of "alarm symptoms"

GI BOOTCAMP

for the Healthcare Team

Last week, you met Henry, a 67-year-old man who was seen for rectal bleeding and who had an Hgb of 9. He tells you that he had a normal screening colonoscopy just 1 year ago. Now workup reveals a sigmoid cancer. How could this happen? How can we prevent this from occurring in other patients? Let's learn about "alarm symptoms," key colon cancer risk factors, "interval cancer," the latest alternatives to colonoscopy and ways to ensure that our patients stay on their colon cancer screening schedules.

How many times have you been frustrated when you review your patient's abnormal liver function tests? Is it Hepatitis A, B, C, a medication side effect or Fatty Liver Disease?

Are statins OK in your patient?

How do we choose between ASA and Acetaminophen in chronic liver disease?

Learn from Clinical Gastroenterologist, Peter Buch, MD, AGAF, FACP, and leave this training with the following skills:

- Confidently assess patients presenting with acute and chronic abdominal pain
- Understand the latest treatments for Clostridium Difficile
- The latest techniques to evaluate and treat GI bleeding
- Help differentiate Irritable Bowel Syndrome from other conditions

SPEAKER BIO ___

Peter Buch, MD, AGAF, FACP, is a clinical gastroenterologist with over 30 years of specialty experience to draw from. He completed his internship and Residency in Internal Medicine and his Fellowship in Gastroenterology at Long Island Jewish-Hillside Medical Center. His current practice is in Manchester, Connecticut, where he has assembled a team that treats all Gl conditions. "We pride ourselves on giving each patient the time and care they need," says Dr. Buch. This has resulted in outstanding patient evaluations and much better outcomes.

Dr. Buch has a passion for teaching. His expertise has been shared with experienced clinicians and advanced level students. He teaches at the University of Connecticut School of Medicine, the University of New England College of Osteopathic Medicine, the Frank H Netter School of Medicine/Quinnipiac University and the University of Connecticut APRN School. Dr. Buch's style is case-based, practical, very interactive and fun. Upon completion of his seminar, you will have a virtual toolbox of new clinical ideas. He ALWAYS learns from his audiences and looks forward to learning with you!

Speaker Disclosure:

Financial: Peter Buch is an Associate Clinical Professor of Medicine at the University of Connecticut School of Medicine; and at the University of New England College of Osteopathic Medicine. He is an Association Professor at Frank H. Netter School of Medicine/ Quinnipiac University. Dr. Buch receives a speaking honorarium from AbbVie Synergy Pharmaceuticals. Peter Buch receives a speaking honorarium from PESI, Inc.

Non-financial: Peter Buch is a member of the American College of Gastroenterology where he serves on the FDA Committee and the Patient Care Committee

Content Disclosure:

Dr. Buch references the use of antidepressants for Irritable Bowel Syndrome; and the controversial use of Fibrotest to evaluate patients with fatty liver disease who may have fibrosis of the liver. Dr. Buch indicates he wishes to present a fair and balanced approach to practitioners regarding such practices.

OBJECTIVES

- 1. Evaluate acute and chronic abdominal pain.
- 2. Choose between commonly-ordered liver function tests for clinical significance.
- 3. Explain what you need to know about Hepatitis C.
- 4. Determine the current best practices in colon cancer prevention.
- 5. Understand which medical conditions respond to probiotics.

- 6. Analyze the best strategies to determine the source of the GI bleed.
- 7. Explore important updates in Clostridium difficile treatment.
- 8. Plan to incorporate the newest strategies for successful treatment of Irritable Bowel Syndrome.

Save by including these products with your seminar registration!

Laboratory Tests Made Easy: A Plain English Approach, Second Edition

By Mikel Rothenberg, MD & Sean G. Smith, BSN, CCRN

This best-selling reference book provides both the "need to know" information, as well as the more in-depth "nice to know" details relevant to your patient's lab results. In this Second Edition you will find plain English summaries, pertinent case studies, and easy to read diagrams and tables. This fully revised and updated book puts the information right at the fingertips of any medical professional at any experience level. Laboratory Tests Made Easy is a must for your professional library. (2014)

RNotes®: Nurse's Clinical Pocket Guide, 5th Edition

By Ehren Myers, RN

A DAVIS'S NOTES BOOK!

Access the clinically oriented content you need to deliver safe and effective health care in hospital and home settings for all of your patients. Its handy pocket size and waterproof pages are great for students and educators on the go, while NCLEX tips, highlighted throughout, make it perfect for those preparing for the licensure exam.

Visit our Online Product Store: www.pesihealthcare.com/store

Seminar on CD or DVD Package You can purchase a self-study package on the subject. You will receive a set of CDs or DVDs that include a digital copy of the seminar manual and post-test/evaluation. You and your colleagues can receive CE hours for a nominal fee. To determine if homestudy credits are available for your profession go to www.pesihealthcare.com or call 800-844-8260. Check with your licensing board to verify acceptance of self-study credits for license renewal. Order today by using the order form on this brochure or by calling 800-844-8260.

Cancellation Policy: If you contact us before the event date, you can exchange for a DVD or CD/digital manual package on the subject (self-study continuing education credit may be available), a certificate to attend another seminar, or receive a tuition refund less a \$30 cancel fee. Substitutions are permitted at any time.

PESI Nurse Guarantee

Your satisfaction is our goal... and our guarantee! If you are not satisfied with this GI Bootcamp training, let us know and we'll make it right.

Missy Cork Missy Cork MSN, RN-BC **PESI Healthcare**
